The Home, Courtship, Marriage and Children was written with you in mind. Here in one manual are the startling facts and instructions that will guarantee you a successful courtship, a successful marriage and children of whom you can be proud.

There have been volumes, and volumes written presumably covering every conceivable phase of courtship, marriage, and children. Without fail their one consistency is in presenting a solution that amounts to only a cover-up or a whitewash of the real problem. For the first time, here is a book that goes deeper than the surface symptoms of home and marriage failures. It brings out into the open the real causes and permits you to identify, examine and correct these before disaster strikes in your home.

Do you dream that your children will enjoy marriages made in Heaven? This book will tell you how you can bring your children to the marriage altar pure in every way and how you can be sure that their choice of a marriage partner will be right.

Are you married and unhappy? There is a Bible reason for unhappiness in marriage. There is also a Bible pattern that leads to happiness in marriage. Learn these vital secrets and where you can find them discussed fully in your own Bible. Learn how to keep your marriage from becoming a Hell on earth. Don't let your marriage become a statistic. If your marriage is in trouble now and you really want a solution that works, you will want this book. But, remember, no plan will work unless you work the plan.

Here are the hard, cold facts on how to raise children of whom you can be proud. This book tells you how to plug the generation gap. The detailed instructions in this manual guarantee that your children will respect you in their early years and when you are old they will still love and care for you.

Young people are seemingly taking their marriage vows too lightly. The shocking statistics reveal that 50 percent of the young girls are pregnant on their wedding day and that percentage goes even higher for those who have experimented with premarital sex. Is it possible for your children to escape this tragedy? It sure is and this manual tells you how.

This book is selling so well we have had to print it 17 times and you will see why as you share the following testimonies:

"Your book, *The Home*, was given to me by a dear friend and proved to be the turning point in my life as a husband and a father."

—R.J.B., Lansing, Michigan.

"My sister's marriage of 18 years was ending in divorce. I gave her a copy of your book, *The Home*. She read the book and the marriage was saved."

—Mrs. F.E.D., Columbia, South Carolina.

"I read your book and disagreed with your chapter titled 'Some Should Not Marry', so I ignored your advice and my marriage ended in divorce. I wish now I had heeded this book."

—Mr. B.B., Muncie, Indiana.

"I never perform a marriage ceremony without giving your book, *The Home*, as a personal gift. It has been gladly received and much blessing has been the portion of those who read it."

—Rev. C.R.R., St. Louis, Missouri.

"At the time I read your book I was deep in sin. I did not want to read anything that would convict me of my sins. While sick at home I picked up your book and said to myself, even though I didn't like this book, 'I am going to read it all the way through before I stop.' By the time I was through reading I knew I was wrong and I got my life straightened out."

—Miss E.G., Douglass, Virginia.
