*“A newly discovered, medical treatment is rapidly changing the lives of serious back pain sufferers... because... it quickly reduces (or in most cases) completely eliminates back pain... even if... everything else you have tried has failed... including back surgery!”*

If you've tried everything and have serious (really serious) chronic back pain... and... would like to get your normal (pain-free) life back, then this message is going to be the most important one you'll ever read!

Here's why:

My name is Dr. Matt Goda, D.C. and along with my partner, Dr. Phil Straw, D.C. we run the Santa Margarita Medical Group in Rancho Santa Margarita, California.

Together, over the last seven years, we have treated tens of thousands of patients who suffer from varying degrees of back pain.

Most have responded well. However, others (a small minority) have *not*. This bothered us. So, we decided to do some intensive research. And, after researching nearly every way humanly possible to get rid of back pain... we found a treatment that stands head and shoulders above any other for quickly reducing (or totally eliminating) really serious back pain.

What's amazing is, this treatment often provides excellent results when everything else has failed... including surgery! One medical study reported 71% recovery rate with this treatment in patients with herniated or slip disc. Other studies have reported good to excellent results in as high as 86% of the patients receiving this treatment.

breakthrough treatment.

However, we want to ask a favor of you:

Please don't call us...

## **Unless You Are Suffering From Really SERIOUS Back Pain!**

Why? The answer is easy. You see, demand for this treatment is becoming enormous... so... for the meantime, we have decided to limit this treatment to people with... the very worst back pain problems.

*“...this treatment doesn't just reduce back pain, in most cases, it eliminates it 100%...”*

When our practice gets bigger, we will try to help everyone who suffers from any type of back pain.

So, if you are really suffering, give us a call and we will give you all the information you need... *100% free*. If the line is busy when you call, please

the patients receiving this treatment.

I don't have enough space here to get into all the details of this newly discovered treatment. So, my partner and I have decided to give a FREE consultation to anyone who calls within the next 11 days. We'll explain and show you the treatment and answer all your questions. You will find out if you're a candidate for this

leave your name and phone number and we will call you back as soon as humanly possible.

By the way, this treatment doesn't just reduce back pain, in most cases, it eliminates it 100%.
