Miami Beach Lesbian Creates New Product that Makes All Women Almost Instantly Crazy to Have Sex with Males... or... Females!

Dear Friend,

If you would like to make love with one (or more) women who are almost *crazy* to have sex with you, this will be the most exciting message you will ever read.

Here is why.

Julie Paris (no relation to that other young woman named Paris) is a lesbian who lives in Miami Beach, Florida. Actually, she is bi-sexual... but... she hardly ever "wastes her time" with men these days. That's because (according to her) most men just don't have a clue about how to satisfy a woman in bed.

For years, Julie has studied chemistry and its biological effect on women. She is responsible for creating many of the top cosmetic products in the entire world. But now, she has created a product called "Fire Play" that makes almost all women...

Instantly Horny!

Actually, Julie created this product more than 1-1/2 years ago. But she's never put it on the market before now. She felt if she had sold it before now, the result would be millions of women almost crazy to have hot sex... but... these women would be with men who did not know how to satisfy them. Recently though, something happened which changed her mind.

Julie read the manuscript of a new book written by a man who knows so many sex secrets that... according to her... it's almost like he is a lesbian trapped in a man's body. She thinks every man in the world should read this book and, here is how you can get a copy of it...

100% Free!

But, here's a warning: Before you request your free copy of the book, you better know some of the secrets revealed in it. You see, Julie (and the author of the book) don't want to embarrass anyone... or... make them feel uncomfortable in any way. So, if your religious beliefs or your conservative upbringing or, if you have "personal reasons" against having great sex... you probably should NOT read this book.

To help you decide if this book is for you or not, here are some of the secrets revealed in it:

- **The real reason why Prozac and Zoloft are so popular in this country! (Almost no one... not even doctors... understands the startling sexual implications.)**
- **The single biggest sexual complaint *women* have about men!**

Let's take a short "breather." We'll get back to more of what this remarkable book will teach you in just a moment. But first, let's talk about why these secret sex techniques are so important.

Right now, there are approximately 16,222,181 people in the world with full blown AIDS. Another 56,122,303 are HIV Positive. On a worldwide basis, most of these people did not become HIV Positive because they were drug addicts sharing needles... or... because they received it in a blood transfusion... or... because they were having gay sex. Believe it or not, 81% of worldwide cases of HIV and AIDS are caused by the simple act of a straight man having sex with a straight woman. That's why, if you are in a monogamous relationship or if you are married, it is more important than ever not to go outside your relationship for sex.

Can you guess the biggest reason people cheat on their partners or commit adultery? It's very simple...

It's Because They Are Bored With The Sex Life They Have At Home!

Why is Julie Paris willing to send you a copy of this book... and why... is she willing to send it to you 100% FREE? The answer is easy: It's a *bribe!* It's an "ethical" bribe to get you to give her a trial order of her new product called "Fire Play"!

What is "Fire Play"? It's a bioactively-engineered product that her friends sometimes call "the woman's Viagra"... or... sometimes they describe it as the "*instant-turn-on*" product. Women who know about and use this product (there are very few of them) NEVER use this product unless they *know*...

They Are About To Have Sex!

After all, what's the point of being almost unbelievably sexually aroused... if... you don't have a sex partner to enjoy that situation with you... and... leave you completely satisfied?

And, I want to be completely honest with you. This product IS rather expensive. It's expensive because... it really does work... and... years of research went into getting the formula exactly right.

Also, even though Julie is one of the world's leading experts in female biology, she did not create this product by herself. She had the help of a world-famous chemist who has a testing laboratory in Ft. Lauderdale, Florida. He is the leading expert in the world on SPF (Suntan Protection Factor) and equally knowledgeable of other facets of human biology.

I'm going to try to tell you how this product works... but remember... I am NOT a scientist. So, if I don't get

it exactly right, don't blame Julie or Christopher Vaughn (the chemist).

Anyway, here's how it works as I understand it: If you've ever been in the sun too long (without sun screen protection) you probably got a sunburn. The reason you got that sunburn was because of all those UVA rays from the sun causing something called an "irachidontic acid cascade". Basically (as I understand it) an "irachidontic acid cascade" is a chemical chain reaction that causes a harmful sunburn.

Now, get this: Although they would explain it differently, what Julie and this other world-famous chemist have been able to do create is a product that produces something (at least vaguely similar) to a harmless

"irachidontic acid cascade" in the genital area of women who are exposed to this product. This causes a pleasant, very exciting warming sensation which works on women (from the inside out) that...

**Makes It Almost Impossible
For Them To Think About
Anything Except Sex!**

It really works. I'm the guy who wrote the book Julie talked about earlier. (By the way, the title of my book is "Killer Orgasms!") I've personally tested "Fire Play" with several different women... and... I've never seen women react to anything the way they react to this product!

Julie and Christopher are probably the two top experts in the world on the chemical biology of women. Before this message, they trusted only three men to use it with their women lovers. These are the only three men she trusted 100%... and... here is what they said about the product:

"I love to see my girlfriend in ecstasy! I love to see her out of control and going beyond her normal sexual limits. She and I both have decided we are going to keep using 'Fire Play' for as long as we are alive. And believe me, this product makes both of us really come alive!"

~ 1st man allowed to have FirePlay

"I love the way it's now her who's the one always hounding me for sex! Not only is our sex life 100 times better, the way she acts when we use this product makes me feel like I am 7' tall."

~ 2nd man allowed to have FirePlay

"Ohhh My God! This stuff works like crazy! You wouldn't know my woman and I have been together for all these years. We are now like sex-starved teenagers all over again!"

~ 3rd man allowed to have FirePlay

Anyway, here's the deal: Julie has decided to make "Fire Play" available to every man (or woman) who has read the book written by Gary Halbert (me) described earlier in this letter. She'll send you a 60-day supply of "Fire Play"... and... in the same package, she'll include a FREE copy of the book. After trying "Fire Play" for a 60-day trial period, if you are dissatisfied with it, for any reason (or no reason whatsoever) you can return any unused portion for a complete and immediate refund.

And not only that... you can keep the FREE copy of the book included in the package.

By the way, as one of the three men Julie trusted to use this product, I have a piece of advice for any other man who buys "Fire Play": Make sure YOU are the one who controls access to this product. Don't even think about going off to work or on a trip and letting your woman keep this stuff in her bathroom cabinet.

I'm sure your girlfriend or wife is 100% faithful to you... but... I'm also sure you want to KEEP it that way.

As I said, this stuff is expensive. It costs \$69.95 plus \$3.00 shipping and handling. But, if I were you (provided I was interested in sex) I'd give it a try.

After all, it comes with an iron-clad 100% money-back guarantee... and... you get to keep the FREE book... even if... you decide to return the product after using it for the 60-day trial period.

It's easy to order. All you have to do is use any of your credit cards and call 1-305-372-5040 and give the person who answers (it'll be Julie or one of her friends) your credit card info and the address where you want them to send the product and the free book.

By the way, the phone lines are open from 9:00 a.m. to 7:00 p.m. Monday through Saturday Eastern Standard Time... and... the phones are NOT answered on Sunday. Once again, the phone number to call is...
