What has Tova Borgnine discovered? The answer is fascinating. It is a mysterious formula that comes from the

"I'm so positive my formula will take years off your appearance, that I'll not only send you a refund if you're not 100% satisfied, but I'll send you a free \$21.00 gift immediately just for trying it."

roots of a cactus plant that was first discovered by the Aztec Indians hundreds of years ago. And, until recently, this remarkable look-younger treatment was only available in certain very remote sections of Mexico. If it could work on the people who lived in the harsh, arid environments of that region, don't you think it could help you too?

The stars who use it say it works like magic. The entire process takes only half an hour and insiders say there is nothing like it for anybody who wants to look years younger than their actual calendar age.

It is easy to use. All you do is apply the formula to your face and wait. "The cream is pink when you apply it, and gradually turns white," says

Tova. After it turns white it should be removed. One of the great things about it is that there is no guess work. It "knows" what to do by itself!"

"But the best thing of all," says Tova Borgnine, "is the way it makes you look years and years younger with the very first application. In fact," she says, "this is what I call a 'no excuse' product that is backed up 100% by the TOVA Corporation's guarantee."
