"The Amazing Health Secret Of The Oldest Person In The World!"

April 24, 2006

Dear Friend,

If you are interested in living a very long life... and... staying young and healthy... this will be the most important message you will ever read.

Here is why: **Westminster Abbey** is the most famous church in England. It was started in 170 A.D. That means, this famous church is now 1,835 years old. It is a work of architectural genius, a place of daily worship and the burial place of kings, statesmen, poets, scientists, warriors and musicians. And...

This Church Has A Secret That Can Keep You Young And Healthy For A VERY Long Period Of Time!

Here's the story: Inside this church are vaults and monuments of many of the most famous and powerful people on earth. However, one of the smallest burial places in that church is the final resting place of the **oldest person who ever lived**.

His name was Thomas Parr and he was born in the County of Salopp, England in 1483 A.D. And, he lived until November, 1635 A.D. That means he lived...

152 Years!

Not only did Thomas Parr live a very long life, he also lived a very healthy, vigorous and active life. He married his first wife when he was 80-years old. He married again in 1605 at the age of 122. He fathered his first child when he was over 130 years old.

After Parr's death, an English doctor named William Harvey (he discovered the circulation of blood) was hired by King Charles to perform an autopsy to find out why Thomas Parr lived so long. Dr. Harvey's autopsy report was written in Latin and, it has been preserved to this very day in case anybody wants to read it. It says all of Parr's organs were in perfect condition and, his **colon** was as **clean and healthy as that of a child**.

Have you ever heard this expression?

Death Begins In The Colon!

That statement comes from a Russian scientist, Elie Metchnikoff, who won the Nobel Prize... and... it is very true! There's no getting around it, if you want to live a long and healthy life... the most important thing you can do is... make sure you have a clean and healthy colon.

Have you ever wondered if your body is as clean on the inside as it is on the outside? We shower or bathe every day. We brush our teeth on a daily basis. Most of us shampoo our hair every day, too. We even have manicures and pedicures to make sure our fingernails and toenails are clean and attractive. But most of us fail to make sure our insides are clean... until... we develop some symptoms or a disease which gives us a wake-up call.

The truth is, our digestive tract (especially the colon) is the "**sewer system**" of our body. If we are to enjoy good health, that system requires regular cleaning. If you suffer from constipation, stomach pain, lack of energy, or digestive problems, it is almost certain you have an "unclean" and toxic colon. In fact, a **toxic colon** probably contributes to almost **every disease** suffered by the human race.

Why A Clean Colon Is So Important!

We are all exposed to thousands of toxins and unhealthy chemicals on a daily basis. We take them in from the food we eat, the water we drink, the air we breathe, and the prescription medications we take.

These toxins and dangerous chemicals, along with the "typical" American diet lead to poor digestion, constipation, weight gain, low energy, headaches, and many other horrible human maladies. Believe it or not, autopsies reveal the colons of **80% of people** who have passed away, are **clogged up** with waste material. This waste material gives **parasites** an ideal place to live. These tiny creatures are alive, and all too often they severely damage every cell in our bodies. In fact, according to the magazine, "National Geographic"...

Parasites Have Killed More Humans Than All The Wars In History!

But the good news is, now there is an easy way to free your body of all the excess waste material, accumulated toxins and parasites!

There is an easy way for you to get rid of **constipation, parasite infection, bad breath, excess weight, fatigue, yeast infections, irritable bowel syndrome (IBS), a protruding belly, frequent colds, hemorrhoids**, and almost every other **disease of mankind!**

That's because our health experts have developed a highly-effective and completely safe internal cleansing program. Our product is called the **Ultimate Colon Cleanse Program** and it is a virtual lifesaver for thousands of suffering people.

The **Ultimate Colon Cleanse Program** will get rid of **ALL** the toxic build-up of waste material in your **ENTIRE** digestive tract. And regular use of our product prevents the formation of new waste build-up.

You'll no longer suffer from the effects of getting clogged up with **mucous, toxins and metabolic waste**. Our formula not only keeps your colon clean, it also keeps all waste matter moving freely, efficiently and rapidly out of your body. It breaks down and removes toxic waste matter which may have been stuck in the folds and wrinkles of your digestive system for years and years.
